

KEITH JUSTIN O. EMETERIO

FRONT-END / FULL-STACK DEVELOPER • UI/UX DESIGN • CREATIVE MEDIA

Sibonga, Cebu, Philippines | +63 929 517 4467 | keithjustinemeterio5@gmail.com

PROFESSIONAL SUMMARY

Fourth-year BS Computer Science student and IT intern with hands-on experience building web, mobile, and AI-enabled applications. Skilled in React, React Native/Expo, FastAPI, Firebase, Python, Kotlin, Java, and PostgreSQL, with a strong interest in front-end, full-stack, and UI/UX work. Combines technical problem-solving with graphic design, photography, video editing, and leadership in ministry and community projects.

EDUCATION

Bachelor of Science in Computer Science | Expected 2027

University of Cebu – College of Computer Studies • Cebu City

- Fourth-year student and consistent Dean's Lister; active as a Media Layout Artist in a school organization.
- Relevant areas: software engineering, database systems, human-computer interaction, programming languages, artificial intelligence, and research.

EXPERIENCE

IT Intern | 2026 – Present

Lifewood Data Technology • Cebu, Philippines

- Supports Answer Engine Optimization initiatives by writing authentic, audience-focused content for LinkedIn, X, and Reddit.
- Applies research, writing, digital-content, and quality-review skills while collaborating in a professional technology environment.

Sole Video Editor and Content Creator | Ongoing

TeacherSallyPH – YouTube Channel

- Edits and packages long-form and short-form video content, including pacing, captions, audio, color, thumbnails, and publishing assets.
- Helped grow audience reach through consistent visual storytelling; edited a video that reached approximately 100,000 views before it was removed from YouTube.

Full-Stack Developer | December 2024 – Present

Seeds of Life Global Inc. • Sibonga, Cebu

- Solely designed, developed, and deployed seedsoflifeglobal.org, handling its responsive interface, content structure, front-end implementation, and ongoing improvements.

IT Specialist | June 2020 – Present

New Life Center for Children and Youth • Sibonga, Cebu

- Provides technical, presentation, media, and digital-content support for children's programs, training activities, and community initiatives.

SELECTED TECHNICAL PROJECTS

ResiliNav

Undergraduate thesis • Python/NetworkX, FastAPI, React, Leaflet.js

- Co-developed a vehicle-aware routing system that adjusts route cost using distance, flood depth, and ground clearance; integrated OpenWeatherMap data and NOAA hazard shapefiles.

SentinelAI Suite

AI-assisted records and surveillance applications

- Developed a React Native/Firebase student records app and an AI-powered security platform; resolved navigation, data-path, deletion, import, and animation issues through iterative testing.

RideQuest

Car rental management mobile application

- Created a Kotlin and Jetpack Compose application with authentication, vehicle search, booking flow, pricing, maps, and administrative management screens.

React Practice Project Suite

Self-directed learning

- Built a habit tracker, infinite-scroll feed, multi-step form, Context + Reducer authentication flow, and reusable component library.

LEADERSHIP, TRAINING AND COMMUNITY SERVICE

Children and Youth Trainer | 2025 – Present

Community Bible Study • East Asia Pacific

- Creates and delivers practical training for children's and youth ministry leaders, including the session "The Teacher, The Student, and The Classroom."
- Supported teacher training in Cambodia, participated in regional ministry work in Thailand, and has traveled across the Philippines to equip teachers and leaders.

Media Team Lead | 2023 – Present

Code Red Movement Conference

- Leads media coverage and creative production for an annual Christian conference serving hundreds of participants.
- Coordinates photography, video, graphics, presentation visuals, content capture, and post-event media outputs.

Media and Worship Ministry Volunteer | Ongoing

New Life Assembly of God – Sibonga

- Serves through graphic design, video editing, photography, content creation, presentation support, worship leadership, and bass guitar development.
- Contributes to children's ministry, youth activities, feeding initiatives, sports clinics, and community outreach programs.

TECHNICAL SKILLS

Development: React, React Native/Expo, JavaScript, HTML, CSS, Python, FastAPI, Kotlin, Jetpack Compose, Java, Spring Boot

Data and Services: Firebase Realtime Database, PostgreSQL, REST APIs, NetworkX, Leaflet.js, Git/GitHub PR workflows

AI and Multimedia Systems: Vision-language models, LM Studio, FFmpeg, AI-assisted workflows

Design and Media: UI/UX design, Adobe Photoshop, Canva, Adobe Premiere Pro, CapCut, photography, content creation

Professional Strengths: Communication, teamwork, leadership, adaptability, attention to detail, creative problem-solving

ACHIEVEMENTS

- Consistent Dean's Lister at the University of Cebu.
- Selected for regional and international Christian ministry training and production assignments in Cambodia and Thailand.
- Contributed technical and creative work across software, church ministry, nonprofit, school, and social-media projects.
